

HONORING BRAIN BUILDERS ACROSS MASSACHUSETTS

Wednesday, April 26th

2:30-3:30 PM

428, The Massachusetts State House

EVERY DAY, THERE ARE "BRAIN BUILDERS" IN YOUR REGION WORKING TO ENGAGE FAMILIES and communities in the healthy development of young children. They are helping to raise awareness of high-quality early education and care programs for families with young children, and are promoting parent education, family engagement and early literacy. These programs are key to ensuring all children enter school ready to learn and succeed.

Please join us as we recognize the Coordinated Family and Community Engagement networks from across the state for their outstanding work in bringing Brain Building in Progress to their communities to support children and families. Meet representatives from the CFCE network in your community and find out more about the programs and services they provide in your district.

For more information, please contact:
