

Ages & Stages Questionnaire

Do you have
questions about
your child's
development?

Would you like to learn more about how your child is growing and learning? The questionnaire looks at how children are developing in important areas such as speech, physical ability, social skills and problem-solving.

Complete the ASQ using the online tool. You will only need 10-15 minutes. It is quick! The results will go directly to the Playgroup Facilitator or Early Childhood Specialist. A follow up contact will occur after the ASQ is completed with the results and activity ideas to help support your child's progress.
